ICIM[®] ERP Software is Certified to run on Windows 7[®]

Cleveland, OH May 5, 2010 - Metasystems Inc. announced today that their ICIM ERP Small Business software now runs on Windows 7[®]. ICIM ERP is built using Oracle[®] technology, utilizing Oracle 10g database and 10g Application Service (Forms & Reports IAS). This announcement comes after Oracle has certified 10g Release 2 (10.1.2.3) for Windows 7 when deploying applications on IE 8 or Firefox 3.5 with Sun's Java 6 update 16.

If you would like more information about Oracle's statement of direction to support Oracle Forms on multiple client platforms see the following link:
